

Guam's Per Capita Income and average (mean) income of persons with income decreased slightly from 2008 to 2010, but mean and median household income increased due to increases in household size and an increased average number of income earners per household.

Per Capita Income for 2010 is \$12,864, a decrease of \$225 or 1.7 percent from calendar year 2008. Median individual income decreased from 13,200 in 2008 to 12,786 in 2010. Per Capita Income statistics for the total non-institutional civilian population includes both those with and without income. The mean income of persons with income in 2010 was \$25,462, a decline of \$17 from 2008's \$25,479.

Guam's average household income for calendar year 2010 was \$49,263, an increase of \$3,477 or 7.1 percent from calendar year 2008's \$45,786. Median household income increased from \$37,741 in 2008 to \$39,052 in 2010. Average household size increased from 3.5 persons per household in 2008 to 3.8 in 2010.
